English as a Second Language Classes

We are privileged to have the Light & Life Arabic Free Methodist Church use our facility for their ministry.

Not only do they meet here on Sunday afternoons for worship and Wednesday evenings for Bible Study, but they also meet on Monday, Tuesday and Thursday evenings to teach English as a Second Language classes to those in the Arabic community. Pastor John Beshai, along with members from Ferndale FMC, train local Arabic people in English and computer usage in order to demonstrate the love of Jesus for them. Volunteers help one day per week, choosing which day of the week works best for them.

If you like ministering to people from another culture and would like to pass on your expertise with the English language to persons from the Arabic community the Arabic Ministry Team might be your place to serve. Be sure to talk with Pastor John Beshai or others involved in that ministry today.

We're better together!
